

BOWMEN OF THE DEANS ARCHERY CLUB

We welcome all new members to the club and thank you for taking an interest in Archery, it is a great sport, keeps you fit and you meet some good people, to become a member of the club you need to have firstly undertaken a beginners course (if you have already taken this and hold a training certificate then you are eligible to join).

We run two types of courses depending on your needs:

Taster Session – *these are one off session designed for people who just want to see what archery is like, or want to just shoot a few arrows at a target, without committing to a full formal course.*

These are run on specific dates which you can select to suit yourselves, you will be given a brief H&S instructions and brief tuition on shooting, then be allowed to shoot at a target. The session will last for 2 hours and give you a good feel for whether you like archery or not. The session costs £20 for adults and £10 Juniors (we cannot take under 10-year olds).

Beginners Course – *these are run for people who are interested in taking Archery as a hobby sport and are considering joining a club afterwards and cover a more in-depth training of bow usage, types of bow, sights etc.*

Course training takes 4 hours and is usually split up over Selected Monday evenings at Oaklands Sports Club Cinderford or Sunday afternoons or Tuesdays Thursday evenings outdoors at King George V field Coleford, dates of all courses are listed and you need to attend the 2 sessions to complete the course, the cost is £50 per adult and £40 per child (under 18), unfortunately we are unable to undertake any training of children under 10 years old, as we find they struggle too much pulling the bow.

The objective of the course is to gain a certificate which states you have completed a Beginners Course and ensures you are safe enough to shoot unsupervised as a Club Member.

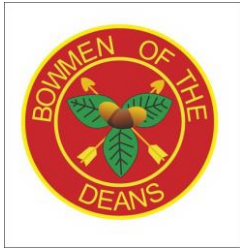

You will be asked for certain information contact details, age, height, left or right handed, eye dominance etc. on separate sheet this information is to ensure we have enough equipment for attendees and if for any reason we have to contact you at short notice e.g extremely bad weather then we can get hold of you.

All equipment is provided to train you Bows, Arrows, arm guards etc

Not Sure Which is for You?

*If you are not sure what you want to do then the best thing is to try the taster, see if you enjoy it and would like to take it further as a Hobby and like the Club, before spending more money on a Beginners Course, then if you decide **'Yes I would like to do more'** then take a Beginners Course, you will already have some of the skills required.*

If you are sure you want to take up Archery as a Hobby and join a club then do the Beginners Course straight off.

Becoming a Member

Once you have the training certificate, you can then join a club, hopefully this one. To practice Archery you need to be insured and this is nationally via affiliations to the National Association GB Archery and Area Association GWAS (Great Western Archery Society) and the County Association GAS. If you join us as a club, affiliation to these and your insurance is included in the annual membership fees given below. If you are already a member of another club and hold a GB Archery membership card, you can still shoot with us as an Associate Member or on the odd occasion by turning up at venues and paying a fee.
